

Hi, I'm Marion

A Frontend Developer

and a UI/UX enthusiast specializing in building aesthetically pleasing websites / applications

Let's create something

About me

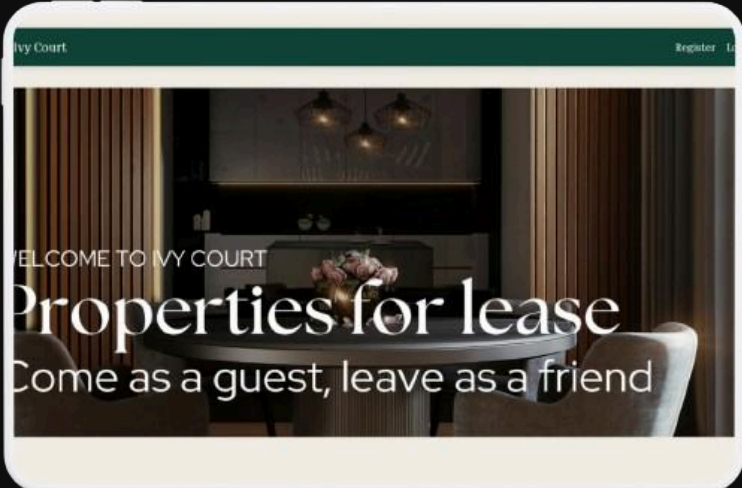

Outside of work, I'm interested in enhancing my design skills.

Creating an aesthetic interface is what I always strive to achieve in every project. I'm also a digital artist and I play a lot of video games.

ReactJs Javascript Python Flask CSS SQL SQLite

Projects

These are some of the projects I did during my course in college

Rent a space app

An online platform where you can book and rent a space

ReactJs, Python, SQLite, Flask

[View Project](#)

Rent a space app

An online platform where you can book and rent a space

ReactJs, Python, SQLite, Flask
